

ABC Rolled Weldmesh

Suitable for:

Schools

Businesses

Boundary Demarcation

- 
- Weldmesh fencing is a traditional fence for boundary demarcation. It comes in roll form and is assembled and strained on site
 - It can be erected on steel or concrete posts and can have barbed or razor wire toppings
 - It can be installed in a variety of heights from 1.0m to 2.4m, greater heights can be achieved by using combinations of mesh in several lifts
 - Cost effective, low maintenance and versatile
 - Higher security versions are available such as BS1722 Part 10
