

# ABC RISING ARM BARRIERS

*Suitable for:*

*Schools*

*Businesses*

*Parking Sites*

*Commercial Premises*

*Utilities*

*Transport*

- ABC's automatic rising arm barriers are designed as a method for controlling the passage of vehicles through a designated entrance or exit
- Options available with the rising arm barriers are a skirt above, below or both sides of the arm
- Rising arm barriers can be customised with a wide range of access control devices to suit the environment
- Popular areas are parking sites, businesses and secured locations
- Popular due to a variety of access control systems and to overview traffic
